Resolution No. 68-14, a Resolution of Upper Darby Township, Delaware County, Pennsylvania approving the application of Cornell Homes to subdivide 32.435 acres into 27 lots and related improvements with the construction of 24 single family attached dwellings on the west side of Lansdowne Avenue approximately 120 feet north of Bond Avenue and being subject to certain conditions of approval.

Mr. Bierling: Thank you, Mr. Bonnett. At this time, I would like to ask the Solicitor to give us a brief on Resolution No. 68-14.

Solicitor: Certainly. Resolution No. 68-14 is a Resolution of Upper Darby Township, Delaware
County, Pennsylvania approving the application of Cornell Homes to subdivide 32.435 acres into 27 lots and related improvements with the construction of 24 single family attached dwellings on the west side of Lansdowne Avenue approximately 120 feet north of Bond Avenue and being subject to certain conditions of approval. In light of Ms. Lombardi’s comments, I do want to note that the Resolution does reflect that if this passes tonight, it would be in accordance with the order of the Commonwealth Court dated January 17, 2014 in which the Commonwealth Court order that the subdivision and land development application be approved.

Mr. Bierling: Thank you. At this time, I move for the adoption of Resolution No. 68-14.

Mr. Monaghan: Seconded.

Mr. Bonnett: It’s been moved and seconded…..

Ms. Keffer: Mr. President…

Mr. Bonnett: Just a minute. It’s been moved and seconded for the adoption of Resolution No. 68-14. Comment?

Ms. Keffer: I wanted to comment publicly and thank Jeff Gentile because I had asked him very many questions about the development and he spent a lot of time answering them. He also let me into the office to look at the plans and it looks like the plans reflect the riparian buffer Ordinance that we have because there is a 50 feet setback. It looks like there are a lot of storm water catch basins that should be installed and when I first heard about this development, I just thought it was a very fragile area but it looks like the developer could do a nice job there so I hope it works out well. A lot of residents had mentioned that there is periodic flooding so perhaps this development will mitigate some of that and hopefully lessen the chances of flooding downstream from there.

Mr. Bonnett: Thank you, Barbara. I would just like to remind the Council and members of the community that this Council denied that application initially. We did not feel that it was in the best interest of Upper Darby Township. The developer took issue with that and challenged us in the court system and as a result of that, the Commonwealth Court has ruled that we must approve this application for land development. We have been asked as well if this is the only approval that needs to be granted and I will remind everyone that the next phase of approval which is not on the agenda this evening, nor will it ever be because it is an administrative issue, is to review for building permits and permits will be issued under the state law which is the Uniform Construction Code. So, with that the motion has been made and duly seconded for the adoption of Resolution No. 68-14. All those in favor, signify by saying aye. Opposed? The ayes have it.

Mr. Bierling: Thank you, Mr. Bonnett. At this time, I would like to ask the Solicitor to give us a brief on Resolution No. 69-14.

Public Hearing for Ordinance No. 3019, an Ordinance of Upper Darby Township, County of Delaware, and the Commonwealth of Pennsylvania, fixing the tax rate for
the year 2015 and appropriating specific sums estimated to be required for the specific purpose of the Municipal Government.

Mr. Bierling: Mr. President, I would now ask the Solicitor for a brief on Ordinance No. 3019 after which the Chair will be asked to conduct a Public Hearing.

Solicitor: Ordinance No. 3019 is an Ordinance of Upper Darby Township, County of Delaware, and the Commonwealth of Pennsylvania, fixing the tax rate for the year 2015 and appropriating specific sums estimated to be required for the specific purpose of the Municipal Government.

Mr. Bonnett: Thank you. At this time, we will open a Public Hearing for proposed Ordinance No. 3019. Anyone wishing to speak on this Ordinance, please come to the podium and state your name and address for the record. Seeing no one, I will turn this back over to you for a motion.

Mr. Bierling: Thank you, Mr. Solicitor. I hereby move for the adoption of Ordinance No. 3019.

Mrs. Crawford: Seconded.

Mr. Bonnett: Moved and seconded. All those in favor.........

Ms. Keffer: I would like to say something before we vote. I am one of the 2 Council people who voted against the Budget a couple of weeks ago and before we vote again I just want to say that I’m glad that I heard Tom Judge say that the Administration is going to look into updating the Bids Resolution and another thing that I brought up this year that I still don’t quite understand is about the Treasurer. I brought it up at a Committee meeting that I believe was in March and according to our Administrative Code the duties of the Treasurer in 1990 were moved to the CAO. So, to me it’s a little surprising that we don’t have a Treasurer’s Report and I don’t think I’ve seen a Treasurer since we all got sworn in back in January. So, my objection to the Budget and also to the tax hike has to do with the process of this Budget as well. That’s what I’d like to say. Thank you.

Mr. Bonnett: One thing that we do receive which is in a great amount of detail is the annual audit which is from our auditors.

Mr. Judge: We also do provide the monthly “greenbar report” too.

Ms. Coles: I think I was understanding Councilwoman Keffer’s question about the Township Treasurer to be more of a clarification about his role. So, her point was it’s not like we see him present at Council meetings. I realize he wouldn’t have to be because he’s not a member of Council but that would be a courtesy. When you hear Township Treasurer you automatically make a link between Treasurer and finances. So, we do get the monthly reports every month at
the Committee meeting and the budget process was very open. It started in October and 2 Public Hearings were conducted but I’m understanding that part of her question that it’s a little fuzzy with the role of the Township Treasurer and with it being an elected position that maybe some more clarification maybe at the January Committee meeting.…..

Mr. Judge: Mr. Bonnett, I do want to mention that the Treasurer each month does come in and have a meeting with the Director of Finance, and he does at that meeting review all of the monthly expenditures on the report that we develop for him on the monthly expenditures and he does review and look at them and if he has questions……

Mr. Bonnett: And, I think you alluded to this quite specifically Sekela that the Treasurer is independent of this body as you well know and I’m not sure we could compel him to do anything. He is actually independent of us. He works as you just noted…..

Mayor Micozzie: He is basically independent of everybody.

Mr. Judge: But, he does come in monthly and does meet with the Director of Finance to review the expenditures. So, I’m not sure if he reviews the incomes each month. He may do that.

Ms. Coles: Will those meetings in 2015 be open to Council members to join the Director of Finance and the Township Treasurer?

Mr. Judge: I think any time the Director of Finance is open to meet with anybody.

Ms. Coles: I mean when he meets with the Township Treasurer and they review the expenditures.

Mr. Judge: If the Treasurer wants to schedule his meeting around everyone else’s time, it’s not for me to say.

Ms. Coles: Well, if it was a time that they were already meeting that was convenient for them, is it open for Council to attend?

Mr. Judge: I don’t think that there is anything that prohibits anyone else from joining in.

Mayor Micozzie: It’s a state law that we have to have a Treasurer. Even though we are a Home Rule Community, we couldn’t not have a Treasurer. I think the Treasurer’s job was diminished back because he is a part time elected official and we have a full time government. We have a $79 million budget and when you need the Treasurer, a lot of those duties were reassigned in 1992, I believe.

SOME AUDIO LOST DUE TO HAVING TO TURN TAPE OVER.
Mr. Judge: The documentation that is provided to him can be provided to anybody that wants to take a look at it because it is public information.

Mayor Micozzi: I guess the substance of the question regarding the Budget though is that is $7500 in the $79 million budget. Are you looking to eliminate it? I’m confused.

Ms. Keffer: I’m not talking about eliminating the Treasurer’s position.

Ms. Coles: I see what you’re saying. You mean that in the scheme of things…..

Mayor Micozzi: We’re talking about a $79 million budget. What I expressed last week is that I appreciate “no’s” and I appreciate the democracy of a “no” and a “yes”. My challenge here is that there was an $840,000 shortfall in the Budget that I got down to this. I’m a little disappointed in the process that if we have a “no”, I get the “no” but that $7500 or whatever it is or the bidding process is a recommendation from the Administration. We cannot change the law. The Council has it in their Committees to be able to re-do the bidding process. The bidding process would be very difficult to put a number on because that’s based on the open market so do you save $1000 because you cut pencils out? I don’t think we’re going to solve that 5% or 4.8% increase by re-bidding allowing biddings and if I’m not mistaken the state law is $19,000 to go to bid. We put everything out to bid at $10,000. So, we’re almost better than the state in a lot of ways by bidding out everything we bid. And, by the way, I always thought when I was on Council that we had a large amount of bids because we don’t really see them when we are on Council. We really don’t have a lot of bids that go out. We had the front steps go out for $300,000. We bid that.

Mr. Judge: The street re-surfacing projects also.

Mayor Micozzi: Things that are out there, you know, it doesn’t go for $10,000. It’s usually $1 million paving project or something like that. They all go out to bid.

Mr. Judge: Mr. Mayor, a lot of our purchases are done on CoStars which is a state approved purchasing contract where the state approves the bidding process. The state actually does the bidding and we buy a lot of repetitive stuff through CoStars which is pre-approved.

Mayor Micozzi: I think for taking the time tonight to come out and ask the questions about the Budget…..in 2002 our pensions were $300,000 to the Budget for our Municipal Fire and Police. In 2014, they are close to $4.6 million. So, that’s the economy. It’s the investments with the funds, it’s our payout to employees from years ago and it’s catching up with every Municipality. So, I think we’re working hard. Our development is very positive in the community. Sixty-ninth Street is almost at about 96% occupied with brand new stores. That’s all helping. Hopefully, we’re coming over the curve with the economy and the investments in our pension can help out. So, I think we’re there. We all live here. It’s a struggle and I know our seniors struggle and we’re getting there. We all need to help out and just continue to push forward.
Mr. Bonnett: We have a motion the floor and it has been duly seconded for the adoption of Ordinance No. 3019. All those in favor, signify by saying aye. Opposed? The ayes have it.
