CURRENT PROPOSAL

The applicant proposes to redevelop an existing bus depot with a new depot and parking garage.

SITE CHARACTERISTICS

The site is located in Upper Darby's central business district.
REMARKS (continued):

APPLICABLE ZONING

The development is located within the C-3 and is subject to applicable regulations set forth by the Township zoning code.

COMPLIANCE

The proposal appears to comply with the provisions of the C-3 district.

WAIVERS

A waiver is required for relief from the following:

- Section 817: Requiring street trees at 30' intervals.

Staff has no adverse comment related to this required waiver.

TRANSPORTATION

Staff commends SEPTA for this plan that will make bus travel safer and more pleasant by providing a covered depot and pedestrian overpass for riders. Consideration should be given to providing a covered awning for those utilizing the taxicab queue that is shown behind the building. Additionally, consideration should be given to allowing peer-to-peer ride shares (Uber, Lyft, etc.) to also utilize the taxicab queue.

The Township should confirm receipt of any necessary Pennsylvania Department of Environmental Protection planning approval prior to final approval.
