Resolution No. 29-19 is adopted; 11 in favor

Public Hearing for Ordinance No. 3057, an Ordinance of Upper Darby Township, Delaware County, Pennsylvania (The “Township”) amending, pursuant to the Local Government Unit Debit Act, an Ordinance duly enacted by the Council of the Township with respect to the incurrence of debt; describing the projects for which said debt of the Township was originally incurred, describing the amendment to the projects; authorizing and directing the officers and officials of the Township to execute and deliver documents and to take action as may be necessary relating thereto; authorizing the payment of expenses; repealing inconsistent Ordinances; confirming the prior Ordinance and providing when this Ordinance shall become effective.

A Public Hearing was convened.

Speakers: Gerald Harrison, 29 S. Kirklyn Avenue  
Richard Blye, 274 Kent Road

Mr. Harrison: Gerald Harrison, 29 S. Kirklyn Avenue. I object to the use of public funds to pave private alleyways. These images were brought to the September 19, 2018 Township Council meeting and handed to all Council members during the public comment period by Dolores Lombardi. We believe Delaware and Arlington Avenues may not have been re-paved in over 50 years (from the accounts of long-term neighbors).

Yet now there is a plan to re-pave private alleyways while public roads are still in rough condition? The 5-year Capital program (2017-2021) was approved with funds for street resurfacing, not for private alleyways; and the job of re-paving our streets in not finished; some streets have been woefully neglected for many years.

Delaware and Arlington Avenues are heavily travelled by the large trucks of utility companies (PECO, Gas Dept, Water Dept, RCN, etc), and also by Township maintenance and trash trucks. These avenues need to be taken care of. Other streets around the neighborhood also need re-paving. The residents of S. Brighton Avenue need their street re-done, and they believe the poor condition of their street detracts from an otherwise nice residential area.

The images show the condition of Delaware and Arlington Avenues between S. Cedar Lane and Monroe Avenue. These are in very poor shape and create a depressed environment. Are they scheduled to be re-paved anytime soon?

Mr. Bonnett: Thank you, Mr. Harrison. Does anyone else wish to address Council?
Mr. Blye: Richard Blye, 274 Kent Road. I wish to re-but Mr. Harrison’s comments about the Township using funds to re-pave back alleys. The reason for that is I watch these trash trucks twice a week come down the alleys for the past 17 years and these is a lot of damage done by these trucks. I understand that residents should be able to maintain property but if I didn’t break it, why do I have to pay for it? The Township should have an opportunity to show its good faith to its citizens by repairing and re-constructing more permanent barriers for these trucks when they come down the back alleys. A lot of residents are poor and a lot of residents are on fixed incomes. A lot of residents just don’t have the money to do the type of work that is needed in the back alleys. So, I believe expenses should be done on a pilot program basis with the general need is greater. Then, from there, we can -------- a referendum. But I do believe that money should be spent to that effect. Thank you.

Mr. Bonnett: Thank you, Mr. Blye. Does anyone else wish to address Council? Seeing no one else, I will turn this back to you, Councilman Wagner.

Mr. Wagner: Thank you. I just want to offer an opportunity for the Administration to comment on the reasons why we were doing this.

Mayor Micozzi: The only thing I can comment on is how much money we have spent this year on the street re-surfacing?

Mr. Judge: How much did we spend? Are we forecasting? We will spend about $3.5 million in street re-surfacing.

Mayor Micozzi: $3.5 million in street surfacing. If you will see me after the meeting, I can look it up and tell you where the streets are.

Mr. Judge: Mr. President, if I could? The comments by the two individuals that were just made should be attached to the next Ordinance 3058, not 3057. Ordinance No. 3057 is more of a procedural process to expand the Capital Budget. The transfer of the funds would be in the next Ordinance but both comments are taken and noted in the process. I just want to make sure we know the proper procedural issue here.

Mr. Bonnett: Thank you for clarifying that Mr. Judge.

Ms. Wentz: I have a question. So, this Ordinance is only to expand the use of the Capital Funds to purchase the open space that we’re to, the $600,000 that is for St. Eugene’s is because, uh purchasing land is not part of the equation and it doesn’t do anything, doesn’t affect the use of public money being used for private alleyways. I know that there is an Ordinance somewhere; I was at a meeting a couple of years ago that residents obviously complained about their alleyways and someone from Council had mentioned that there was an Ordinance from the 1800’s that indicated that, or I don’t know, way back when that deemed all alleyways private. So, I wasn’t sure if there was something else we would have to do to make that change or if this amendment allows for that shift for public Capital bonds to be used to pave private alleyways.
Mr. Stein: The Ordinance before you amends the --------clause only to add the acquisition real estate. The original purpose clause allowed for the --------improvements. When we were engaged to look into this, we found that the Township had a public easement on these alleyways. We felt that as a matter of law as a result of.........

LOST SOME AUDIO WHEN TAPE WAS CHANGED

......I call it the alleyway but in my mind an alleyway is a street. We did quite a bit of research on it last summer.

Mr. Wagner: It really has to be noted, at least to me, that these alleyways are, in fact, used by public vehicles from the Township. It’s not just the Township has an easement and a right to do it; it in fact happens on a regular basis.

Mr. Manfre: What was the process in terms of, I think we went over this some time ago, in terms of deciding what streets would be re-paved so somebody has an understanding of what the process was?

Mr. Bonnett: Marc, are you talking about the streets or the alleyways?

Mr. Manfre: The streets because these streets were mentioned in the comments for 3057 and they are in the 4th District. Are these streets not being paved because we are paving the two private alleyways that are in the 4th District?

Mr. Judge: To answer your last question first; no.

Mr. Manfre: Thank you.

Mr. Judge: To answer the question of what's the criteria for going through; in the past, the criteria for evaluating whether a street is in the condition to be re-paved, it is left to the Township engineers and they go out and evaluate the streets. They drive all of the streets in the town over a 4-5 month period and they make an evaluation as to the condition of the streets and then they make recommendations. With those recommendations, the Administration tries to equally distribute the funds for paving through all 7 Districts. Now, it gets tough when you start looking and you bid this on a linear footage basis and some streets run a little bit longer than other streets; it gets to be a balance. In the last 2 years, that process has been followed for paving of new streets. However, where Aqua and PECO are in doing ground work in the streets and are digging up the streets, they are required to pave where they have dug up. Rather than run the experience of seeing half the street dug up and re-paved and the other not paved, we have partnered with Aqua and PECO to re-pave the entire street where they’re paving half. So, they’re paying for half and we’re paying for the other half. So, that’s a little more complicated and that’s why we have the additional streets where Aqua and PECO are doing the work in the Township. Does that make sense? Does anybody have any questions?
Mr. Manfre: Based on the work being done to replace the meters, correct?

Mr. Judge: Based on the work to replace pipe because they’re digging it up and replacing the pipe and in the process of replacing the main line pipes for both the water and the gas, they’re also at the same time replacing meters at individual homes.

Ms. Wentz: So, does that mean for the roads that were halfway paved, Ivy Court and Montrose; they were only half-way paved so they’ll get completed with the new agreement to complete those.

Mr. Manfre: I was told they were going to be completed.

Mr. Judge: Marc is saying yes. I can’t say specifically for the streets. Wait, our inspector has said that, yes they will be paved.

Mr. Wagner: With that, Mr. President, I move for the adoption of Ordinance No. 3057 and ask for a roll call vote.

Mr. Bonnett: A motion has been made. Is there a second?

Mr. Gwin: Second.

Mr. Bonnett: Moved and seconded. This will be a roll call vote. When your name is called signify by saying aye. Opposed say no.

A roll call vote was taken.

Mr. Bonnett: That’s 11 in favor. Ordinance No. 3057 is adopted.
Public Hearing for Ordinance No. 3058, an Ordinance of Upper Darby Township, Delaware County, Pennsylvania, authorizing that part of certain unencumbered appropriations allocated by the Capital Budget Series 2016 and 2017 be transferred from various departments and agencies to other departments and agencies within the Township and repealing all Ordinances and Resolutions inconsistent herewith

A Public Hearing was convened.

The comments made by the speakers on the prior Ordinance will carry over to this Public Hearing. There were no objections to this.

Speakers: Bonnie Hallam, 4719 Woodland Avenue
          Gerald Harrison, 29 S. Kirklyn Avenue

Ms. Hallam: Bonnie Hallam, 4719 Woodland Avenue, Drexel Hill. I just wanted to ask and I’m not sure if this is the appropriate time, but I know that at the last meeting, you talked about this funding and that it was possibly going to be used to purchase the St. Eugene’s as grants weren’t able to be gotten for that property and I just want to recommend that if the grants are gotten for that property, then maybe the funding could be used to do the parks. We have a great plan for Aberdeen, Guilford and I forget the 3rd one, I’m sorry that I’m blanking on that but there is a great plan that the Township has already put together and I’m hoping that if that money is not needed to purchase the land for St. Eugene’s because of grants that we then use that money to fix those parks.

Mr. Manfre: Bonnie, we met as a Committee today; Barbarann, Lisa and myself on the $2 million Municipal Bond issue that the County offered about 2 weeks ago and we discussed those various projects and Mr. Judge did mention if the grant funding does not come through for St. Eugene’s then maybe we can put in an application for St. Eugene’s along with some other pocket parks.

Ms. Hallam: Thank you so much.

Does anyone else wish to address Council on Ordinance No. 3058?

Mr. Harrison: Gerald Harrison, 29 S. Kirklyn Avenue. I will pass these out. There will be some overlap in my comments here as you already suggested from the previous ones. I question how can $2,278,860.00 of public funding can be found to purchase St. Eugene’s fields at $600,000.00 and re-pave privately owned alleyways $1,678,860.00. A transfer of $740,000.00 from the Fire Dept. Capital Budget is being proposed. In the 5-year Capital Program from 2017 to 2021, $2.3 million was allocated for the Fire Department with $1.3 million for fire trucks in the Daily Times article which is attached. During a Township Council meeting, it was voted to move unused funds from the various departments’ budgets, including $12,000 from the Library budget to help pay for a fire truck. When the Councilwoman questioned whether the Library might need these funds, Mr. Judge responded with “don’t you want the fire truck?” Yet now, it is being proposed
to move money out of the Fire Department in an amount equally half the funds for the fire trucks? It doesn’t make sense to me. Why was money initially needed to be moved from other departments, including the library, to pay for a fire truck then and why can money be moved out of the fire truck Capital Budget to pay for re-paving private alleyways now? Also, in December 2018, over $1 million was taken out of other departments to pay for the Police and Fire overtime and now it is being proposed to move $600,000 out of the Capital monies previously allocated to the Police Department for this field purchase and the re-paving of private alleyways. This again doesn’t make sense. In view of all of these proposed expenditures, $3 million was also needed to be taken from the Fund Balance to balance the 2019 Budget. It seems an inexplicable inversion of priorities to re-pave private alleyways on a taxpayer’s dime while important and previously designated programs languish. Thank you again.

Mr. Judge: Mr. President, might I address something? Mr. Harrison, Operating Budget and Capital Budget are two different things. Capital Budget, we use for items that have a 3-5 year life. That’s Capital budget. We cannot use Capital Budget for annual operating costs. So, police overtime that runs beyond what we forecasted for in our Operating Budget; we cannot go to the Capital Budget and pull that money in to pay for the Police overtime. The rules don’t allow us to do that. What you’re talking about on the transfer of money from the library to a fire truck, you’re talking about the 2009 Capital Budget when we were trying to close it out. I think Mr. Stein can probably speak of this better than I can but there is a certain period of time in which we have to expend our Capital Budget funds so if we look at this if departments move projects or cancel projects or delay projects, then we have to move that money out of there to someone else who is ready to spend the funds so that we don’t run contrary to what the Capital Budget laws say that we have to spend it within so many years. And that is why we had to transfer it. At the time, the library was not ready to make any expenditures in the Capital Budget and the Fire Department needed the money so we made that transfer. It was to move the money around to fit the need of the Township at the time in question. The library has $115,000 in it right now in their Capital Budget. I have been talking to the new Director of Library Services and that money is going to be spent very soon. But, we have to make sure we understand Operating Budgets, Capital Budgets and what Capital Budgets we’re talking about in a time frame that we have to spend the money. That is what the Director of Finance and myself have to do and watch and manage on a ----- basis and we do come back to Council for approval to make those changes.

Mr. Bonnett: Thank you, Mr. Judge for that explanation. Does anyone else wish to address Council on Ordinance No. 3058? Seeing no one else wishing to address Council, that concludes the Public Hearing. I turn this back over to you, Councilman Wagner.

Mr. Wagner: Thank you Mr. President. I hereby move for the adoption of the Ordinance No. 3058 and ask for a roll call vote.

Mr. Bonnett: A motion has been made. Is there a second?

Mr. Bierling: Second.
Mr. Bonnett: Moved and seconded. This will be a roll call vote. When your name is called signify by saying aye. Opposed say no. Mr. Secretary, please call the roll.

Ms. Wentz: Can I ask a question? A lot of new information just came out so just to verify, all of these departments that the funds are allocated to be taken from are projects that weren’t necessarily going to be able to be realized within this year. Is that correct?

Mr. Judge: That is a fair statement but if you look at the document that I provided to you with the original Council meeting, we’re not leaving every department divorced of money. Some of the departments still have money where we think they will need it over the next several months. Clearly, we’re going to have to go out for another Capital Budget in the very near future.

Ms. Wentz: Right. So, I’m just kind of curious, I mean I realize that this is prototype project, right? I just curious, there were comments in our Committee meeting about making it a long-term project and I’m just curious of how those funds if we’re having to snag funds from different departments for this year because it wasn’t included in the budget, how would we pay for it for the future especially since we did have to take almost $3 million from the savings account to balance the 2019 budget? How much more would have to be taken from the savings account to fund this project in the future? Is it something that we have to get another bond for more Capital Funds to be able to fund this in the future? I’m just curious of beyond this year.

Mr. Judge: Again, let’s make sure we understand that Operating Budget and Capital Budget are two different columns. Clearly, going forward, to continue our street re-surfacing project period, just street re-surfacing and also alleyway re-surfacing, we will need to go out for another Capital Bond. The debt service, or the sinking fund, is what borrowing that money costs us. We are retiring some debt service from years prior that were borrowed in the 90’s. So hopefully it doesn’t cost us any more. It probably will cost us a little bit more when we borrow it from a new Capital Budget fund and Council will see that and Council will see all of the projects that are laid out in our next Capital Budget Fund that we will go for. But because we are retiring debt service, and if look at your 2018 audit and I can tell you the page, not now but off record, as to where we’re retiring that budget and you’ll see that debt service is being retired that our new debt service will equal that close. It probably won’t because of the different time periods and the interest and all that stuff but it should not cost us that much more in debt service. It will cost us in re-paying the bond but that’s a given that has to happen no matter what. But, it’s the debt service that’s the cost that you would be concerned with. Does that answer your question?

Ms. Wentz: I’m processing what you just shared. So, but in the end, it’s still the taxpayer’s money that is repaying that bond?

Mr. Judge: Everything we do is taxpayer’s money, yes.

Ms. Wentz: So, we’ll have to borrow new money to pay for the repaving project, including the alleyways in the future, as well as the rest of the roads.
Mr. Judge: As well as replacement of storm sewer pipes, as well as purchasing a fire truck going forward. Yes, all of that will be paid with taxpayer’s dollars.

Ms. Wentz: OK. And then the Fund Balance is more specific to the operating side of things......

Mr. Judge: Clearly the operating side. That is correct.

Ms. Wentz: Just for the clarifications to demands. Thank you. That’s a lot of information.

Mayor Micozzie: I think Tom is being a little shy here. I deal with him a lot. He runs a very tight ship here with the Department Heads. We meet once a week on this Budget. But, I just want to give you an idea of where we are. From a legal limit to borrow here in Upper Darby Township, we can borrow $194,842,000. Our net debt outstanding now, our total debt, is $23,358,000. We have $171,484,960 in debt ceiling we can go out and borrow. So, we are fiscally conservative. That’s always been my mantra since I’ve been the Mayor. So, rather than go out now and borrow money for this project and do the alleys and also the purchase of the property, rather than go out in the market right now dealing with our legal experts, financial people and ourselves, we met real hard with our Directors and said that if they had anything, it’s not like they weren’t going to get it. The Fire Department is a re-allocation of resources; they’re testing some engines and how they deliver fire protection. So, before they jump in and...

Mr. Judge: You’re looking at the deployment of equipment.

Mayor Micozzie: Yes; the deployment of equipment rather than jump in and say that we’re going to take that $1,200,000 to buy a ladder truck. They are doing some evaluation. So, we can wait probably until January and we just authorized one truck. Instead of buying two, they’re doing evaluation. Some of the things that other departments are looking at, they’ll need time on some of those items, maybe 6-7 months. So, to just let the money sit there and then go out for another borrowing so we are looking at the checking account, are re-aligning some items and re-allocating these and that’s what this is. Probably in October, and Tommy is working on that......

Mr. Judge: I was just going to say, Mr. Mayor, perhaps in August or September, we can bring the consultant PFN in to explain the bond borrowing process and how it goes on at the Committee Meeting so the Council can be brought up to speed because it appears that there needs to be some educational process that may be beyond my expertise of explaining. So, if you’re OK with that, we can see what their availability is.

Mr. Bonnett: And again, just to re-emphasize, we’re not going to pile on debt. Mr. Judge, I heard you say that we are retiring debt.

Mr. Judge: We retired old debt last year and we will retire some in 2020.

Mr. Bonnett: Right so, that cost disappears and we’re going to replace it with new debt service. Again, I do think it would be a very wise idea to bring in the experts for educating our Council
and the public on the borrowing of public funds. OK, we have a motion and a second for the adoption of Ordinance No. 3058. Please call the roll.

A roll call vote was taken.

Councilwoman Wentz requested to ask another question before casting her vote. Council President Bonnett stated that she needed to vote but could ask her question after she voted.

Ms. Wentz: My question is, when we talked about it during the Committee Meeting, there was a reference to needing a 100% homeowner’s agreement to the re-paving of the alleyways. Is that still in place? And if so, can there be a procedure in place for if the, if one of proposed alleyways does not get the 100%, will those funds be re-allocated back to the departments that need it?

Mayor Micozzie: We are working with the Solicitor’s office to be able to put that process in place where there is a notice and then a **************

Ms. Wentz: Thank you. I just forgot to ask that prior.

Mayor Micozzie: ************

Ms. Wentz: Right. And I wouldn’t want the community to not have the ability for that service if getting 100% ownership to commit to it is a very difficult task. But, I also didn’t want those funds to be ********** OK. Great. Just wanted to check. Thank you.

Mr. Wagner: That concludes the report of the Finance and Appropriations Committee.

Mr. Bonnett: Ordinance No. 3058 is adopted unanimously.

ORDINANCE NO. 3057

UPPER DARBY TOWNSHIP,
DELaware County, Pennsylvania

AN ORDINANCE

OF THE COUNCIL OF UPPER DARBY TOWNSHIP, DELAWARE COUNTY, PENNSYLVANIA (THE "TOWNSHIP") AMENDING, PURSUANT TO THE LOCAL GOVERNMENT UNIT DEBT ACT, AN ORDINANCE DULY ENACTED BY THE COUNCIL OF THE TOWNSHIP WITH RESPECT TO THE INCURRENCE OF DEBT; DESCRIBING THE PROJECTS FOR WHICH SAID DEBT OF THE TOWNSHIP WAS ORIGINALLY INCURRED, DESCRIBING THE AMENDMENT TO THE PROJECTS; AUTHORIZING AND DIRECTING THE OFFICERS AND OFFICIALS OF THE TOWNSHIP TO EXECUTE AND DELIVER DOCUMENTS AND TO TAKE ACTION AS MAY BE NECESSARY RELATING THERETO; AUTHORIZING THE PAYMENT OF EXPENSES; REPEALING INCONSISTENT ORDINANCES; CONFIRMING THE PRIOR ORDINANCE AND PROVIDING WHEN THIS ORDINANCE SHALL BECOME EFFECTIVE.

WHEREAS, Upper Darby Township, Delaware County, Pennsylvania (the "Towndship"), is a home rule municipality and a "local government unit", as defined in the Local Government Unit Debt Act, 53 Pa.C.S. § 8001 et seq., as amended and supplemented (the "Debt Act"); and

WHEREAS, pursuant to Ordinance No. 3030 enacted on November 16, 2016 (the "2016 Ordinance"), the Council of the Township heretofore incurred nonelectoral debt consisting of its General Obligation Bonds, Series of 2016 and its General Obligation Bonds, Series of 2017 (collectively, the "Bonds") in order to finance a project consisting of:

(i) the undertaking by the Township of various capital projects, including, but not limited to, the planning, designing, acquiring, constructing, furnishing, and equipping of alterations, renovations, and improvements, including, but not limited to, certain energy improvement projects, various buildings, streets, storm sewers, street lights and/or other property or facilities owned or operated by the Township;

(ii) the funding of certain capitalized interest; and

(iii) the payment of the costs and expenses of issuing the Bonds, in one or more series (or subseries), from time to time, including, among others, a premium or premiums on one or more municipal bond insurance policies, if applicable (collectively, the "Project"); and

WHEREAS, the nonelectoral debt of the Township evidenced by the Bonds, was approved by the Pennsylvania Department of Community and Economic Development ("DCED") on December 7, 2016, pursuant to approval number GOB-161207-01, and

WHEREAS, the Council of the Township desires to amend and expand the Project as defined in the 2016 Ordinance to include the financing of certain real property to be acquired by the Township (the "2019 Capital Project"), all in accordance with the terms of this Ordinance and the provisions of the Debt Act; and

{M1899932.1}
WHEREAS, upon compliance by the Township with the requirements of the Debt Act relating to such amendment of the Project to include the 2019 Capital Project, the Township desires to amend the 2016 Ordinance in order to apply unspent proceeds of the Bonds for and toward the payment of costs and expenses of the Project and the 2019 Capital Project.

NOW, THEREFORE, UPPER DARBY TOWNSHIP, DELAWARE COUNTY, PENNSYLVANIA, HEREBY ORDAINS, as follows:

SECTION 1. Amendment of the 2016 Ordinance.
The Township hereby amends the 2016 Ordinance by expanding the Project to include the 2019 Capital Project. The description of the 2019 Capital Project contained in the recitals to this Ordinance is hereby incorporated into this Section by reference as if set out at length.

SECTION 2. Advertising.
The action of the officers of the Township in advertising a summary of this Ordinance, as required by law, is ratified and confirmed. The proper officers of the Township or any of them, are authorized and directed to advertise a notice of enactment of this Ordinance in a newspaper of general circulation in the Township within fifteen (15) days after final enactment.

SECTION 3. Filing with Department of Community and Economic Development.
The proper officials of the Township are authorized and directed to prepare and file or cause to be filed with DCED, in accordance with the Debt Act, a transcript of the proceedings relating to the amendment of the Project, in accordance with the Debt Act, and to take other necessary action, and to prepare and file all necessary documents with the DCED.

SECTION 4. Incidental Actions.
The proper officials of the Township are hereby authorized, directed and empowered on behalf of the Township to execute any and all agreements, papers and documents and to do or cause to be done any and all acts and things necessary or proper for the carrying out of the purposes of this Ordinance.

SECTION 5. Payment of Expenses.
All expenses incurred in connection with the amendment of the 2016 Ordinance shall be paid out of the unspent proceeds of the Bonds and the proper officers and officials are authorized to sign and deliver requests for payment of such expenses.

SECTION 6. Inconsistent Ordinances.
All ordinances or parts of ordinances, insofar as the same shall be inconsistent herewith, hereby are rescinded, cancelled and annulled.

SECTION 7. Confirmation of Prior Ordinances.
Except to the extent amended hereby, the provisions of the 2016 Ordinance authorizing the undertaking of the Project and the issuance of the Bonds is hereby ratified and confirmed.

SECTION 8. Effective Date.
This Ordinance shall take effect on the earliest date permitted by the Debt Act.
UPPER DARBY TOWNSHIP HEREBY ORDAINS this 17th day of July, 2019.

Resolution No. 30-19

A RESOLUTION OF UPPER DARBY TOWNSHIP, DELAWARE COUNTY, PENNSYLVANIA
APPROVING THE APPLICATION OF EVERYBODY’S CHIROPRACTIC CENTER FOR LAND DEVELOPMENT TO EXPAND THE EXISTING PARKING LOT BY APPROXIMATELY 665 SQUARE FEET LOCATED ON THE SOUTHWEST CORNER OF TOWNSHIP LINE ROAD AND NORTH BRIGHTON AVENUE AND BEING SUBJECT TO CERTAIN CONDITIONS OF APPROVAL.

WHEREAS, Everybody’s Chiropractic Center (“Applicant”) has submitted for approval its Final Land Development Plan to expand the existing parking lot by approximately 665 square feet, prepared by Catania Engineering, said plans submitted to the Township dated April 22, 2019 (collectively “Final Plans”); and

NOW THEREFORE, BE IT RESOLVED, that the above-cited Final Plans are hereby approved subject to certain Conditions of Approval including the following:

1. Applicant has obtained approval by Pennsylvania Department of Transportation of all necessary permits, including but not limited to any required highway occupancy permit.

2. Approval by the Township Solicitor and execution by Everybody’s Chiropractic Center and, where applicable, Applicant’s lender, of all necessary and appropriate documentation including Developer’s Agreement and Improvement Security Agreement, and such other documentation as acceptable to the Solicitor, including but not limited to documentation concerning the ongoing maintenance, operation and repair of the common site improvements, if any, which are not to be dedicated to the Township;

3. Applicant obtaining Sewer Planning Module Act 537 approvals or exemption there from, Storm Water Management approvals and Delaware County Conservation District approvals;
4. Formal recording of the Land Development Plan (the "Record Plans") following Township execution of the Record Plans;

5. Applicant shall comply with all conditions and approvals applicable to zoning variances granted by the Upper Darby Township Zoning Hearing Board by decision dated March 26, 2019, which decision is incorporated herein by reference hereto.

6. Applicant agrees to coordinate with the Township to develop a satisfactory landscaping plan.

7. Applicant shall comply with all applicable federal, state and local codes or ordinances and shall obtain all required permits.

Approval contingent upon addressing staff comments.

Joshua Chast

The applicant proposes to add a paving extension to the current parking lot to increase the amount of parking spaces and help the flow of parking. The pavement extension will be approximately 665 sq. ft.
REMARKS (continued):

SITE CHARACTERISTICS

The site is located on the edge of a Residential District and next to a Commercial zone. The medical office also sits on the border of Upper Darby and Haverford Townships.

APPLICABLE ZONING

The proposal is located within the R-3 District and is subject to applicable regulations set forth by the Township zoning code.

NONCONFORMITIES

The applicant has received a variance to expand the parking lot and allow front yard parking in the existing non-conformity.

COMPLIANCE

The proposal appears to comply with the R-3 District zoning with variances granted.

SITE DESIGN

The applicant should coordinate with the Township to develop a satisfactory landscaping plan or facilitate the replanting of street trees that are to be removed, as per section 817 of the Delaware County SALDO.

HIGHWAY OCCUPANCY PERMIT

In accordance with Section 508(6) of the Pennsylvania Municipalities Planning Code, the Township Engineer should confirm if the plan will need a highway occupancy permit(s) for access onto Township Line Road (S.R. 0001).
REMARKS (continued):

SEWAGE FACILITIES

The developer should contact the Pennsylvania Department of Environmental Protection regarding the need for sewage facilities planning approval.

The Township should confirm receipt of any necessary Pennsylvania Department of Environmental Protection planning approval prior to final approval.

STORMWATER MANAGEMENT

The Township Engineer must verify the adequacy of all proposed stormwater management facilities.

RECORDING

In accordance with Section 513(a) of the Pennsylvania Municipalities Planning Code (MPC), final plans must be recorded within ninety (90) days of municipal approval.
