

# UPPER DARBY TOWNSHIP FIRE DEPT.

## HOME OXYGEN FIRE SAFETY

Post Oxygen In Use, NO SMOKING Signs at the Entrance of Your Home and Wherever Oxygen is Used.

Use and Store Oxygen at Least 10 Feet From Any Open Flames, Heat Sources, Sparks, or Electrical Devices.

Install and Maintain Smoke Alarms Throughout Your Home. If You Are In Need Of A Smoke Alarm, You May Contact Us at 610-734-7673

Never Smoke Around Medical Oxygen. Any Fire That Starts Will Burn Hotter and Faster Than Usual. Do Not Smoke While Using Medical Oxygen or Where Oxygen is Stored.

Turn the Oxygen Supply Valve to the Off Position When Oxygen is Not in Use

Store All Oxygen Cylinders in an Upright Position in Racks or Stands to Prevent Them From Tipping Over.

Have a Fire Extinguisher Readily Available in Your Home In Case of an Emergency.
