DECEMBER 2022 FIRE INVESTIGATIONS

DECEMBER 2022 TRAINING UPDATE

- Firefighter Jerry Fokas completed the National Fire Academy Managing Officer Program.
 - “The Managing Officer program’s goals are to promote and enhance the professional growth of fire service leadership while preparing future leaders through a combination of education and linking people and ideas. Participants in this program receive instruction on leadership, community risk reduction, firefighter and community safety, contemporary training issues, and analytical tools for decision-making. Students also gain critical insight concerning national response planning and incident management. This important two-year program comprises four unique courses requiring the participant to develop and complete a Capstone project directly benefiting the fire officer’s department and community. This Capstone project permits the student an opportunity to demonstrate the application of course theory and concepts to real-life situations. The final project is then evaluated through a formal peer review.”

DECEMBER 2022

NALOXONE TRAINING PAYS OFF

- ✓ In less than thirty days since the inception of the Narcan program was established in the Upper Darby Township Fire Department, we reported our first save of life through the administration of naloxone.
