  - All cans must be rinsed clean of any food or liquid waste
- Plastic Containers
  - We only accept plastic containers numbered 1, 2, 4, 5 or 7 in a triangle on the bottom of the containers
- Glass Containers
  - All bottles and jars must be rinsed clean of any food or liquid waste

## Contaminated Recycling Items

- Any items placed inside plastic bags
- Plastic bags of any size
- Food waste and household trash, including pizza boxes
- Lids and caps from plastic or glass containers
- TVs and other electronic waste
- Styrofoam and other packing materials
- Shredded paper
- Wood and scrap metal
- Yard waste
- Garden hoses
- Ceramics
- PVC pipe
- Furniture

**PLEASE NOTE: RECYCLING INSIDE ANY PLASTIC BAGS WILL NOT BE COLLECTED.**

## **GUIDE TO REGULAR HOUSEHOLD TRASH COLLECTION SERVICE**

Regular Household Trash consists of garbage, rubbish and trash waste material generated in private homes or apartment buildings with less than five units. The following items may also be acceptable for Regular Collection, if properly prepared for pick-up:

**Mattresses/Box springs:** Put out with your regular trash, but limited to only one (1) each per collection. Mattresses/box springs cannot be rain soaked and **MUST be placed in a sealable clear plastic or vinyl mattress bag**. Mattress disposal bags are sold at most major retailers and home improvement stores, such as Home Depot, Lowe's, and Amazon.com.

**Grass Clippings:** Place all grass clippings in a bag in the trash can, not loose in the can.

**Carpeting:** Carpeting must be cut down to 3 feet in length, rolled up, and tied in a bundle. Each bundle should not exceed 40 lbs. and cannot be rain soaked.

**Branches:** Branches must be cut down to 3 feet in length and tied in a bundle. Each bundle should not exceed 40 lbs. Branches should not be greater than 4 inches in diameter.

**Large Glass Items or Broken Glass:** Any large glass items, such as glass table tops and mirrors, should be broken down and placed in a sealed box. To prevent serious injuries, please do not place any broken glass in trash bags.

**Paint:** Latex Paint (water based): Remove the lid from can and the paint must be completely dried out. Use kitty litter or a "paint dry" product if needed. Oil-based paint is a hazardous waste and is not acceptable. Check the next page of this newsletter for the date and location for hazardous waste drop-off.

**Small Furniture Items:** Small tables, chairs, and couches will be picked up with your regular trash but are limited to only one (1) furniture item per trash collection.

**Collection Time:** Trash must be set out for pick-up no later than 7:00 A.M. on your scheduled trash day. Cans must be removed from the trash line no later than 6:00 P.M.

**Trash Can Size:** Trash cans should not exceed 32 gallons in size and should not have permanently attached lids. Any cans larger than 32 gallons or cans with attached lids may not be completely emptied due to the can size or attached lids.

**Weight limit:** The combined weight of a trash can and the trash shall not exceed 40lbs. This includes days when there is excessive amount of rain and the can fills with water. (It is helpful to punch drainage holes in the bottom of your trash can.) **The allowable total combined weight per household pick-up is 200lbs.**

## **EPA NPDES STORMWATER PROGRAM**

The National Pollutant Discharge Elimination System (NPDES) Stormwater Program is a federal mandate enacted by the 1987 Amendments to the Clean Water Act. Under this Program, Upper Darby Township is required to monitor, maintain, and prevent stormwater runoff from washing harmful pollutants into the nearby creeks.

***You can make a difference!*** Please practice some of these good stewardship habits for a cleaner and healthier environment:

- ☐ Never dump anything down storm drains.
- ☐ Pick up after your pet and dispose of their waste properly; DO NOT throw their waste into storm drains.
- ☐ Sweep up the grass clippings after mowing your lawn.
- ☐ Do not blow or pile leaves into the streets that may eventually clog storm drains.
- ☐ Sweep up litter in front of storm inlets/drains.
- ☐ Use pesticides and fertilizers sparingly, avoiding excess to prevent polluted runoff.
- ☐ Check your car for leaks and recycle motor oil.
- ☐ Do not discharge chlorinated pool water directly down storm drains or into creek.
- ☐ Educate your relatives and neighbors on proper stormwater stewardship.

Additional tips and Program information can be found on the Township's website at: [www.upperdarby.org/projects/stormwater.html](http://www.upperdarby.org/projects/stormwater.html)
